

ANIMAL AND LIVESTOCK BENEFITS

- ✦ Significantly Increased Profits
- ✦ Reduced Water Consumption
- ✦ Lower Mortality Rate
- ✦ Stimulated Beneficial Microbes Growth
- ✦ Reduced Pathogens
- ✦ Reduced Antibiotic & Drug Use
- ✦ Increased Temperature Extremes Tolerances
- ✦ Improved Immunity
- ✦ Better Feed To Weight Gain Ratios

RESEARCH AND STUDY IN THE POULTRY IN HOSKOTE, BANGALORE RURAL

The results are phenomenal

Results:

- Average weight of birds were 2.75 kg in 46 days
- Food intake per chicken has come down from 1.94 kg to 1.63 kg
- Returns in saving of Rs.1.28 lacks
- $(1.94 - 1.63 \times 19000 \text{ birds} \times \text{Rs.}25 / \text{Kg})$

We have installed Vin Hydro Natural unit in our farm and we have seen fantastic results.

- *When chickens got sick, they recovered more quickly after treatment*
- *The chickens in houses without Vin Hydro Natural got more complications after becoming sick than those in houses with Vin Hydro Natural*
- *Bleaching powder and water chemicals were not put in the tank*
- *Ammonia smell was eliminated from the chicken house*
- *Chickens were more alert*

Rangappa Broiler Farm, Hoskote

RESEARCH AND STUDY IN THE POULTRY IN SOMANAHALLI, KANAKAPURA TALUK

The results are phenomenal

Bore-Well water

Vin Hydro Natural

- *Vin Hydro Natural chicks grew 10% faster and gain more weight.*
- *Ready for market four days early.*
- *Were calmer, more alert, with smoother, fuller feathers.*
- *Less mortality and less feed required*

*Suresh, Suguna Foods Contract Poultry Farmer,
Somanahalli ,Kanakapura District*

Farmer Name: Suresh	Name of the place: Somana Halli, Kanakapura Road, Kanakapura TQ	
Particulars	SW Unit Shed	Normal water Shed (2 & 3)
Trip 1 - No of chicks lifted	90 cages X 15 each = 1350	90 cages X 15 each = 1350
a. Total weight	2494 Kg's	2226 Kg's
b. Average weight of a Chick	1. 8474 Kg	1.6489 Kg
c. Delta	0.1985 Kg	
Trip 2 - No of chicks lifted	108 cages X 15 each = 1620	72 cages X 15 each = 1080
a. Total weight	3034.7 Kg's	1638 Kg's
b. Average weight of a Chick	1.8733 Kg	1.5167 Kg
c. Delta	0.3566 Kg	
Trip 3 - No of chicks lifted	6 cages X 15 each = 90	62 cages X 15 each = 930
a. Total weight	162 Kg's	1317 Kg's
b. Average weight of a Chick	1.80 Kg	1.42 Kg
c. Delta	0.3839 Kg	
Summary		
Date of Chickens Lifted	15.06.2013	
Total Chickens Lifted	6420 chickens	
SW unit fixed shed-1	3060 chickens	
Total weight		5690.7 Kg's
Average weight	1.860 kg	
Normal water shed-2 &3	3360 chickens	
Total weight		5181 Kg's
Average weight	1.542 Kg	
Weight gain with SW Unit	0.318 Kg's	
Cost saving		3060 birds X 0.318 = 972.30 Kg's
Selling price of chickens	Rs. 99/- / Kg...\$ 1.75 per Kg	
Additional realization	Rs. 96,257.... \$1725
